# Quiet Seclusion

Etivaud is the group of farm buildings on the edge of the hamlet which bears its name, set in the heart of the Limousin landscape. The farm dates from the 1700s and was in use until the end of the 20th Century. Its buildings now provide peaceful holiday dwellings with access to open countryside and a number of facilities on-site to cater for specific needs.

Etivaud caters for individual families, including those with disabled persons. Groups can also be accommodated out of high season for weddings, functions and seminars.
